About the Artist Grant

The Artist Grant is designed to help emerging artists from underrepresented groups whose practices involve some form of collaborative, collective, or creative processes that incorporate or benefit their community.

This grant program is informed by extensive research into the challenges emerging artists in Europe and beyond are facing, as well as by learnings from previous open calls and hundreds of applications to our grant programs since 2022.

Our aim—through this grant—is to improve living conditions for artists, enable them to dedicate more time to developing their practice, to increase the visibility of their work, and to boost their self-confidence. Ultimately, this grant program aims to help emerging artists realize their creative potential.

About The Supporting Act Foundation

The Supporting Act Foundation is an independent nonprofit organization with a mission to enable emerging artists dedicated to fulfilling their creative potential, prioritizing those from underrepresented or marginalized groups. We aim to support ambitious nonprofit organizations, helping them build more equitable art scenes and creating opportunities for growth and expansion in their work.

For more information visit our website www.thesupportingact.org

What are we offering?

We are offering 10 unrestricted grants of €10,000. These will be transferred in monthly installments of €1,000 over a period of 10 months (January–October, 2026). There are no restrictions on how you choose to spend your grant, though it is intended to help cover living costs and expenses associated with your artistic development, including but not limited to the securing of workspaces, purchase of equipment, paid courses, or anything that helps you progress.

We also provide non-financial support. Our Grantee Network offers virtual events where grantees can share their work, challenges, and experiences with peers. Whenever possible, we also showcase and promote grantees' works across our various communications channels.

If you're pre-selected for a grant, you will have one week to reply to our notification. In case we don't hear from you, the grant will be reassigned to another applicant. Unfortunately, due to limited capacity, we will not be able to provide individual feedback.

Selection process

The selection process for the 2025 Artist Grant has three rounds:

Round 1: Eligibility & ranking

While we welcome as many eligible applications as possible during the open call period, please note that our Selection Committee will be able to review and score up to 100 applications only.

If we receive over 100 eligible applications, we will rank them based on the information provided in the survey section of the application form. In line with our mission, we will prioritise applications from artists with less access to financial resources and those who might face greater systemic discrimination.

Round 2: Review & scoring

An independent Selection Committee will review up to 100 eligible applications. Each application will be scored by two members, creating a ranked shortlist of 20 applications that will advance to the final round.

Round 3: Final selection

The 20 shortlisted applications will be evaluated by all five members of the committee. They will then meet to reach a consensus on the 10 applications to be awarded the grants.

Final Steps

The selected applicants will be notified and asked to submit proof of identity, eligibility and bank details. Once these details are verified, an agreement form will be provided for signature. Following the signed agreement, the transfer of the first of 10 monthly grant installments will be scheduled.

2025 Artist Grant Selection Committee

The funding decision will be made by an independent committee of five artists, curators, and editors, each with lived experience as emerging artists themselves, or having worked with them.
