About the Impact Grant

The Impact Grant is designed to help arts-focused nonprofit organizations that provide non-financial support to emerging artists from underrepresented groups. Its focus is on organizations whose approach is aligned with our own desired impact: improving living conditions for artists, enabling them to dedicate more time to developing their practices, increasing the visibility of their work, and boosting their self-confidence.

This grant program is informed by extensive research into the challenges that nonprofit arts organizations in Europe and beyond are facing, as well as by learnings from previous open calls and hundreds of applications to our grant programs since 2022.

About The Supporting Act Foundation

The Supporting Act Foundation is an independent nonprofit organization with a mission to enable emerging artists dedicated to fulfilling their creative potential, prioritizing those from underrepresented or marginalized groups. We aim to

support ambitious nonprofit organizations, helping them build more equitable art scenes and creating opportunities for growth and expansion in their work.

For more information visit our website www.thesupportingact.org

What are we offering?

We are offering 10 unrestricted grants of €50,000, awarded over a two-year period commencing in January, 2026. €25,000 will be given to grantees each year of the program. There are no restrictions on how organizations choose to spend the grant, though the funds are intended to help cover core costs, including salaries, but can also be used for any other costs you consider critical to successfully developing your organization's work.

We also provide non-financial support. Our Grantee Network offers virtual events where grantees can share their work, challenges, and experiences with peers. Whenever possible, we also showcase and promote grantees' works across our various communications channels.

Selection process

The selection process for the 2025 Impact Grant has three rounds:

Round 1: Filtering applications

While we welcome as many eligible applications as possible during the open call period, please note that our Selection Committee will be able to review and score up to 100 applications only.

If we receive over 100 eligible applications, we will rank them based on the information provided in the survey section of the application form. In line with our mission, we will prioritise applications from nonprofits with less access to financial resources and those who might face greater systemic discrimination.

Round 2: Review & scoring

An independent Selection Committee will review up to 100 eligible applications. Each application will be scored by two members, creating a ranked shortlist of 20 applications that will advance to the final round.

Round 3: Final selection

The 20 shortlisted applications will be evaluated by all five members of the committee. They will then meet to reach a consensus on the 10 applications to be awarded the grants.

Final Steps

The selected applicants will be notified and asked to submit proof of identity, eligibility and bank details. Once these details are verified, an agreement form will be provided for signature. Following the signed agreement, the transfer of the first installment of €25,000 will be scheduled.

2025 Impact Grant Selection Committee

The funding decision will be made by an independent committee of five organizers, artists, and specialists with lived experience in nonprofit arts organizations, including two grantees from the 2024 program.
